

**Girls, think twice before inviting God near.  
His charms will turn you into a slave – are you ready for such  
a wonderful bondage?**

**What if your human lover is just about ready to  
insert a pulsating mass into your forest  
and rain there;**

**what if just as he/she enters –  
you hear His flute calling.**

**Could you run outside in a second, naked, and ready for the  
world to make fun of you;**

**For who can really see Him.  
Everyone may think you are worshipping a mirage.**

**And what if He asked you to give all your gold bangles and  
fine clothes to the next  
beggar you see?**

**Giving him our clay (our body) to shape is one thing for this  
can excite us,**

**But when our jewelry and silk are at risk – Surely it is time to  
seriously ask  
Is all this God stuff real?**

**Mira**
